

THE MADISON

The Madison marries the historic charm of Detroit architecture with modern industrial elegance to create an unforgettable event space.

The state-of-the-art 130-seat auditorium is ideal for presentations or trainings, wedding ceremonies, fireside chats and film screenings. Adjacent to the auditorium is a loft area that accommodates up to 180 guests strolling. The loft features an industrial feel, complete with exposed brick and beams, high ceilings and oversized windows. The area is endlessly flexible in its ability to accommodate events of all kinds, including business meetings, social gatherings, and film and photo shoots.

The Madison rooftop is perhaps the most iconic space in our portfolio.

The multilevel outdoor space overlooks Comerica Park and provides picturesque views of Detroit's historic downtown architecture and entertainment district.

The 7,000-square-foot rooftop has modern furnishings, a covered catering area, a full-service bar, a dance floor, and a wraparound balcony, making the rooftop of this 100+ year old building the perfect setting to tie the knot, celebrate a milestone or connect with colleagues.
